THE GAME IS YOUR LIFE

Chief Instructor

ANDREW CARTLEDGE (ACADEMY DIRECTOR)

Andrew is the chief instructor and one of the founders of the Australian Golf Academy. He is also the chief instructor of the AGTF and a Australia PGA member. Andrew has spent many years on training golf teaching professionals and been awarded as the "world top 60 teachers" by the WGTF in 2006-2014 to recognize his outstanding teaching quality in the golf industry. His experience in teaching all levels of golfers as well as using technology to help students understand the motions that needed to execute different type of golf shots would definitely benefit the Hong Kong Golfers.

Chief Instructor (Hong Kong)

LILIAN LEE (ACADEMY'S COURSE DIRECTOR)

Lilian is an AGTF certified teaching professional and K-vest qualified trainer. She has studied many different golf teaching methods in England and Australia over her career. Her knowledge in understanding the limitations between the genders, or with different physical abilities, allow her to provide high quality golf lessons to both adults and juniors. Lilian was the very first junior golf column writer for the Hong Kong Metro Daily. In 2009, she published the very first Chinese golf book, call the 'Happy golfing manual' for children and teens in China. She was also nominated as one of the world top 100 golf coaches" by WGTF.

Golf Practicing Studios

We have different sizes of the golf practicing studios and they are all over 100 sq. feet. Private golf practicing studio is also available. You can focus on your skill improvement or have a competition with your friend privately. These studios are equipped with the latest technologies of golf simulators, Trackman and/or Bravo.

Simulator Technology - TrackMan (Denmark):

TrackMan is the latest golf simulation system, origin from Denmark. This system uses Dual Radar Technology, which can help us to collect maximum data quality and increase pick up rates. TrackMan measures and displays the full trajectory of all shots with various calculation parameters, including Club Path and Face Angle to Swing Direction and Spin Loft. These data assist golfers and coach to understand their strengths and weaknesses. Thus, the coach can design a personalized training program to enhance their skills. Furthermore, golfer can enjoy a different pleasure with the feeling of actual field play.

Simulator Technology - Bravo (Korea):

Bravo has the excellent sensor system BV21. It has the latest shooting high-speed camera detect golf ball flying through three-dimensional monitoring of track and measure your shots with a high degree of accuracy of 99.99%. The New Vision Technology Method (Stereo Vision) to detailed areas 3D analysis at high speed for more accurate you can check the result, including amount of spin, distance, launch angle and more. You can enjoy feeling like a real golf course in the exact impact of rounding.
